

ACKNOWLEDGEMENT

During the course of my research work, it has been a necessity for me to seek advice and help in various forms from a large number of knowledge persons for completion of my research work. With pleasure I take this opportunity to express my heartfelt gratitude to all these well wishers.

First of all I am extremely grateful to my guide, Dr. H. L. Das, Professor (Rtd.), Department of Physics, Gauhati University, Guwahati, for his untiring support, continuous supervision, befitting advice, academic guidance and constant encouragement during the entire period of my research work.

I express my gratefulness to Prof M. Devi, Prof. S. A. S. Ahmed and Prof. A. Rahman, former Heads and Prof. K. Boruah, the present Head of Department of Physics, Gauhati University, for their academic guidance and basic supports. I am thankful to all the faculty of the Department of Physics, Gauhati University, especially to Prof B. K. Sarma and Dr. B. R. Barua for their active cooperation and suggestions in various technically important academic aspects relating to my research work.

I am grateful to Prof G. K. D. Mazumdar, Ex-Head and Prof. K. C. Sarmah, present Head, Department of USIC, Gauhati University, for providing the XRD and other related facilities for my research work. In this regards I also like to thank Dr. S. Karmakar and Dr. R. Bardoloi, Senior Scientific Officers of the same department for their help in the analysis of XRD and XRF data respectively. The technical staff of the glass blowing section of the USIC department also deserves thanks of appreciation from me for their help and cooperation.

My sincere thanks are due to the authority SIFC (Sophisticated Instrumentation Facility Center) of Indian Institute of Technology, Guwahati (IITG), for providing me the SEM and EDAX facilities, for my work. I also like to thank Dr. M. Kar and Mr. A. Deka of Center for Nanotechnology and Department of Physics of IITG respectively for their assistance in several technological needs.

At this moment I do recall the names of Kyushu University; Japan, Rajasthan University; Jaipur, Barkatullah University; Bhupal, Kurukshetra University; Kurukshetra, Tezpur University; Tezpur, Goa University; Goa, North East Hill University; Shillong,

and Indian Association for the Cultivation of Science; Kolkata, for their active cooperation and assistance during my visit to those in connection of my work.

I express my special thanks to my research colleague Dr. Ranjan Sarma for his constant help and cooperation during the entire period of my research work. At the same time I specially remember Mr. Sumbit Chaliha and Mr. Mothura Nath Borah for their help in various aspects. I am also grateful to my research colleague Dr. Nipan Mazumdar and Dr. K. K. Singh for their cooperation and help during the course of my research work. It might be a great pleasure for me to offer my thanks to Mrs. Ranjita Devi, Mr. Tapan Kachari, Mr. Mrinal Kr. Das and Mr. Nayanmoni Saikia, research scholars, Department of Physics, Gauhati University and Dr. Pratyush Purkayastha, Dr. Rajanish Saikia, Dr. Ganesh Ch. Wary, former research scholars, of the same department for their active support and friendly cooperation.

I hereby express my sincere thanks to Dr. M. P. Bora, Reader, Department of Physics, Gauhati University, for his efficient help in computation work relating to my studies. At the same time I also thank Mr. Naba Sarma, computer operator of Department of Physics, Gauhati University, for his helping hand in the computer laboratory. At this moment I also remember Mr. Dipak Sarma, laboratory bearer, Department of Physics, Gauhati University for his various laboratory related services and all technical and secretarial personal of Department of Physics, Gauhati University, for their active cooperation in my work.

With fondness I express my gratefulness to my parents and younger sister for their continuous encouragement, all round help and cooperation during the entire period of my research studies.

Kangkan Sarmah
